Practical Skills Required by the State of Utah

+ **Manicure and Pedicure Skills**

Students will learn Essential, Spa and French Manicures, Pedicures and different tried and true techniques of massage.

+ **Artificial Enhancement Skills**

Students will learn an array of Artificial Enhancement Techniques such as: Sculptured Nails (Forms), Tip Application, Blended Tip, Gel Sets, Wrap Sets, Rebalancing, safe artificial nail removal and how to repair nails that have breaks or lifting.

+ **Essential Business Skills**

Business skills are very important in the nail industry. Students will learn retailing and product knowledge, Interviewing skills, Client Consultation skills. Students will also be given the time to do receptionist duties, book appointments and develop professional telephone skills.

+ **Safety and Sanitation Skills**

This is one of the many skills that we focus extensively on in our Nail Apprenticeship Program. Students will be taught proper sanitation and disinfectant procedures, the importance of the MSDS sheets, skin and nail diseases and disorders and how to recognize them. This is essential training and crucial knowledge for passing the State Examinations.

+ **Nail Art Skills**

Nail Art is a great way to generate extra income. Hand Painting, Jewels, Gems and inlay 3-D will be included in this course.

Practical Skills Not Required by the State of Utah

+ **15 Hours of Electric Filing Training**

Because drills are used so much in our industry, drill training is essential to our program. Not only is a drill included in the deluxe kit but we require students to have at least 15 hours of drill experience before graduation from the *Nail Apprenticeship Program*.

Students will learn the basics of drilling, how to handle the drill, how to cut down product when doing a rebalancing, and how to clean under the nails on rebalancing procedures.

+ **One on One Training**

One on One Training concentrates solely on the student's needs and emphasis is placed on helping students develop skills needed in the nail industry.

+ **Job Shadowing Time**

Students can observe not only characteristics and responsibilities, but also what the profession requires on a day-to-day basis. Job Shadowing helps students learn first-hand what it takes to be successful in this industry and will help prepare students for the future workforce.

+ **Working in an established salon**

Working in an established salon will allow students to get out of a class room environment and see the different skills and techniques used every day.

+ **Building and Maintaining a Clientele**

Client retention is a skill that should be mastered for the nail professional to succeed in their new career. Once you have a client, the question is... How do you retain them? Students will learn how to maintain *client profile cards* and learn techniques that have worked for instructors and stylist in the salon. Here, at our *Nail Apprenticeship Program*, any clientele the student develops is theirs to maintain.

+ **Learn how to Maintain an Appointment Book**

An Appointment Book is one of the most important tools in this profession. Students will learn scheduling techniques and different ways to maintain an appointment book.

+ **Learn how to Advertise Yourself**

Advertising is an important tool for building a clientele. Students will learn many different ways to promote for themselves and how to be creative with their ongoing advertising. The possibilities are endless.

+ **Nail Apprenticeship Program Overview**

Upon graduation from this program the student will have the necessary experience to enter a salon with confidence in their abilities and be able to complete a *full set of nails in two hours or less*.

Have business skills that will help students build and maintain a clientele, understand the importance of salon conduct, demonstrate professional dress, communication skills and practice sanitation and disinfection procedures. Students will understand nail disorders and know how to recognize them. Students will have a working knowledge of nail product chemistry and make up.

Our goal is for all students graduating from this program to have the knowledge as well as the skills necessary to promote and market themselves with confidence as a nail professional. The knowledge to pass the Utah State Nail Technician Licensure Exam and to launch the students new career with our Exclusive Kit.
